PLINTH GRAND
Designed by *Norm Architects*

A supersized version of our classic Plinth Low podium, the Plinth Grand is a monumental and multifunctional design. Designed by Norm Architects and offered in four marble types with unique veining as well as Kunis Breccia stone, each piece is carefully assembled by hand for the perfect alignment. The design lends itself to a variety of uses and spaces: shaped into a perfectly balanced rectangle, Plinth Grand is ideal as a statement-making coffee table or low-lying display for decorative objects. It is also a sculptural object in its own right, elevating a space with its sophistication and light-reflecting finish. Profiling the beauty of natural materials and uncompromising craftsmanship, each design is precision assembled to reveal the inherent beauty and uniqueness of the material. Each piece of stone and marble will therefore vary and display differently.

PRODUCTION PROCESS
2 cm thick marble plates are cut and edges are milled at 45-degree angles before all five plates are glued together in mitre joints. Corners are reinforced by reusing excess marble from the production. The bottom plate is made from plywood, where the adjustable glides are fastened.

Being composed of a natural material, each product is unique and the surface may nuance compared to the images.
