

ALU SHELF

normann
COPENHAGEN

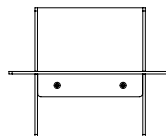

A MINIMALIST SHELF IN INTERLOCKING ALUMINUM

Normann Copenhagen introduces Alu Shelf, a refined and functional shelving solution designed with material efficiency in mind. Constructed from two interlocking aluminum plates, the shelf requires no additional reinforcements, relying on the precision of its design for structural stability.

With its architectural silhouette and clean lines, Alu Shelf subtly frames its contents, making it a versatile addition to any space. Available in three sizes - 80 cm, 60 cm, and 25 cm - it adapts effortlessly to various needs, from open kitchen storage to a sleek bedside solution. The brushed aluminum finish lends a raw, industrial character, while a protective lacquer ensures its durability.
